1. Executive Summary

CI Institute of Nursing is evaluating a separate optional California Board of Registered Nursing Continuing Education Provider approval lane for RN/care manager continuing education contact hours. This planning binder is not required for CNA recertification continuing education and is not part of the CDSS RCFE CETP application.

Area	Status
Workstream	BRN Continuing Education Provider application planning only
Current status	Not Started / Optional Expansion
Approval posture	No BRN approval claimed; no RN continuing education contact hours claimed
Initial course lane	Care Manager / RN Case Management CE planning
Primary sources	BRN CEP application page, BRN application packet, BRN fee schedule, BRN processing times, Title 16 CCR Article 5

2. Why This Is Separate from CNA and RCFE

Program lane	Governing approval path	Separation rule
CNA CE	CDPH / TPRU	Keep CNA recertification materials outside this BRN folder.
RCFE administrator CE	CDSS / CETP	Keep RCFE LIC 9140 and LIC 9141 materials outside this BRN folder.
RN/care manager continuing education contact hours	California BRN CEP approval	Use this lane only if CI Institute of Nursing wants BRN-recognized RN continuing education contact hours.

The BRN approves continuing education providers, not individual courses. BRN requirements must not be mixed into CNA or RCFE binders.

7. Course / Instructor Information Requirements

Requirement area	Planning rule	Status
Course content	Must be relevant to RN practice and relate to scientific/technical nursing knowledge or direct/indirect patient/client care under CCR section 1456.	[PENDING BRN CONFIRMATION] for selected course
Learning level	Learning experiences should enhance RN knowledge above the licensure level.	Not Started
Minimum length	Course offerings must be at least one hour; one contact hour is at least 50 minutes in an organized learning environment.	Not Started
Partial credit	Do not grant partial credit unless the course is structured as separately completed segments.	Not Started
Objectives	Use behavioral learner objectives; instructor goals are not acceptable as learner objectives.	Not Started
Evaluations	Address whether objectives were met, applicability/usability, instructor mastery, teaching methods, mechanics, and comments.	Not Started
RN instructors	Must hold a current valid RN license, be free from BRN discipline, and be qualified by degree/experience, recent teaching, or recent specialized experience.	[PENDING CONFIRMATION]
Non-RN instructors	Must hold appropriate license/certification when applicable, specialized training, and at least one year of recent experience in the subject taught.	[PENDING CONFIRMATION]

8. Care Manager / RN Case Management Course Fit Rules

Case management is potentially acceptable only when written as RN-practice-relevant content connected to direct or indirect patient/client care. Course fit remains **[PENDING BRN CONFIRMATION]** until the representative course is selected and mapped to CCR section 1456.

Potentially acceptable themes	Do not include courses that are only
RN care coordination indirect patient/client care transitions of care discharge planning population health care coordination chronic disease management coordination medication reconciliation coordination from an RN role legal/ethical issues in nursing case management quality assurance and documentation interdisciplinary communication social determinants of health as they affect nursing care planning patient education strategies cultural and ethnic diversity in care coordination burnout/stress in nursing practice, if framed within nursing practice	generic business development financial investment resume/job interview training self-improvement yoga/wellness not tied to patient/client care lay-person training non-nursing case management with no RN practice connection

9. Advertising and Certificate Rules

Control	Rule
Terminology	Use "contact hours," not "CEUs."
Provider statement	Include the BRN provider statement only after provider number is issued: "Provider approved by the California Board of Registered Nursing, Provider Number _____, for _____ contact hours."
Pre-approval language	Before approval, use pending-approval language only and do not advertise approved status before issuance.
Certificate issuance	Do not distribute blank certificates; certificates must be completed by provider and issued within 90 days after course conclusion.
Certificate retention	Include the statement telling the RN to retain proof of attendance for 4 years.
Approval claims	Do not claim BRN approval, RN CE credit, care manager CE credit, or use any BRN CEP number unless issued by BRN.

10. Recordkeeping and Policy Requirements

Requirement	Planning control	Status
Retention period	Maintain provider records for 4 years.	Not Started
Storage location	Retain records in one California location or BRN-approved location.	[PENDING CONFIRMATION]
