Yadvir Operating Order Summary

- Tracker is the source of truth; update it and continue to the next allowed step without waiting for TJ unless a true blocker appears.
- Moodle development may not start until Vanessa Valerio, RN or another approved SME reviews and approves the course materials.
- Internal SME approval does not replace CDPH, CDSS/ACS, or BRN approval.
- No public approval claim, enrollment for approved credit, CE certificate release, or approved CE wording may be used until applicable agency approval and metadata are received.
- Certificates remain disabled until agency approval metadata and completion evidence gates are satisfied.
- Official government forms and CCCCO/NATP source pages remain unbranded and unaltered.
