

CI Institute of Nursing

RCFE LMS Implementation Overview

Live-stream + LMS support for current 9-course / 27-hour filed packet

Field	Value
Delivery	Live-stream + LMS
Reviewer access	Final verification item
Certificate gate	Blocked until approval

Implementation controls

- Reviewer access credentials and LMS URL must be confirmed before submission.
- Post-tests and course completion controls remain pending approval.
- No certificates, public approval claim, or course approval number may be issued until CDSS/ACS approval.

Course implementation map

RCFE-CETP-004	Live-stream + LMS support; post-test and attendance/completion record
RCFE-CETP-005	Live-stream + LMS support; post-test and attendance/completion record
RCFE-CETP-006	Live-stream + LMS support; post-test and attendance/completion record
RCFE-CETP-007	Live-stream + LMS support; post-test and attendance/completion record
RCFE-CETP-008	Live-stream + LMS support; post-test and attendance/completion record
RCFE-CETP-009	Live-stream + LMS support; post-test and attendance/completion record

Final Reviewer Controls

This consolidated course-material PDF is included separately from the complete signer-review binder so signer and reviewer users can locate course content quickly in Google Drive.

- Status: Draft / Pending Approval.
- Do not issue certificates, advertise approval, or claim approved provider/course numbers until regulator approval is received.
- Use this branded course PDF for end-user review; do not substitute raw source folders, build scripts, prompt files, old one-page fragments, or superseded placeholders.
- Official government forms remain in the lane's signer-review folder and are intentionally unbranded.

Review item	Expected result
Branding	CI Institute of Nursing logo and template styling present
Regulatory posture	Draft / Pending Approval stated clearly
Course consistency	Matches lane binder and final checklist
Submission caution	No certificate, advertising, or approval claim until regulator approval
