Medication Management

Instructor assignment by segment

TBD - instructor documentation pending confirmation, CV/license verification, and owner approval.

Records maintained and address

Course outline, schedule, roster, completion documentation, evaluations, post-test results, instructor qualification documentation, and reviewer materials at 419 E Hamilton Ave, Campbell, CA 95008

LMS reviewer access instructions

TBD - authorized LMS reviewer/access holder pending confirmation.

Certificate completion rule

No certificate until CDSS approval, full attendance, participation

verification, passing post-test, and issued vendor/course numbers.

Course Description

This course addresses administrator-level medication management responsibilities, including assistance with self-administered medications, storage, documentation, disposal, communication, error prevention, and escalation.

Measurable Learning Objectives

Differentiate administrator oversight duties from clinical medication decision-making.

Identify common medication documentation, storage, disposal, and communication controls in RCFE operations.

Recognize medication-error risk patterns and escalation triggers.

Apply a medication-management audit checklist to sample scenarios.

Hour-by-Hour Outline

Segment

Content

Instructor assignment

Hour 1

**RCFE medication management framework,
resident profiles, and physician/pharmacy
communication.**

[PENDING CONFIRMATION]

Hour 2

**Storage, labeling, documentation, disposal,
PRN awareness, and controlled-access
controls.**

[PENDING CONFIRMATION]

Hour 3

**Common errors, staff training, observation,
escalation, and incident review.**

[PENDING CONFIRMATION]

Hour 4

**Scenario audit: records, missed doses,
changed orders, refusals, and communication
chain.**

[PENDING CONFIRMATION]

Teaching Methods

Live lecture with visual slides and participant-facing handouts.

Case scenarios and guided discussion using RCFE operations examples.

Polls, chat prompts, verbal check-ins, and knowledge checks during the live-stream.

Post-test administered through the LMS or controlled form after attendance is verified.

Participant Evaluation Method

Participants complete a course and instructor evaluation covering objective clarity, relevance to RCFE administrator duties, instructor effectiveness, materials, technology, timing, and suggested improvements. Evaluation records are retained with the course file.

Participant Assessment and Post-Test Method

Participants must attend the full approved duration, complete the active participation checks, and pass the post-test with a minimum score of 80 percent. Remediation may be provided once; the certificate is withheld until attendance, participation, and assessment requirements are satisfied.

Post-Test Questions and Answer Key

No.

Question

Answer key

1

What is an administrator-level medication control?

Ensuring staff follow approved documentation, storage, communication, and escalation procedures.

2

What should occur when medication instructions are unclear?

Escalate for clarification through the approved physician/pharmacy communication process.

3

Why are medication refusals documented?

They affect resident safety, communication,
follow-up, and regulatory review.

4

What should a medication audit check include?

Orders, labels, logs, storage, disposal, staff
training, and error follow-up.

5

Which Core category applies?

Medication Management.

Active Participation Verification Method

Live-stream attendance is verified through platform log-in records, attendance check at opening and closing, periodic polls or chat/verbal responses at least every 20 to 30 minutes, facilitator monitoring, and post-test completion. A participant who is absent, inactive, or disconnected for a material portion of the approved hours is not issued completion credit until the deficiency is resolved under an approved make-up approach.

Mapping Rule

This course is mapped to one RCFE Core of Knowledge category.

Compliance Guardrails

Draft / Pending CDSS/ACS Approval; no approval claim until issued.

Current submission is the 9-course / 27-hour LIC 9140 filed set.

Future 40-hour / 12-module RCFE LMS concept is excluded from this current Drive module folder.

Official LIC forms remain official and unbranded; this PDF is a branded derivative course packet for reviewer visibility.

Certificates are withheld until CDSS/ACS approval, attendance/participation verification, passing post-test, and issued vendor/course numbers are satisfied.

Review / Signoff Notes

Final signer should verify date(s), fees, reviewer access, instructor evidence, and any pending CDSS/ACS items before submission.

No learner-facing approval or completion certificate should be issued until approval is granted.
