RCFE Core of Knowledge category

Managing the Physical Environment

Instructor assignment by segment

TBD - instructor documentation pending confirmation, CV/license verification, and owner approval.

Records maintained and address

Course outline, schedule, roster, completion documentation, evaluations, post-test results, instructor qualification documentation, and reviewer materials at 419 E Hamilton Ave, Campbell, CA 95008

LMS reviewer access instructions

TBD - authorized LMS reviewer/access holder pending confirmation.

Certificate completion rule

No certificate until CDSS approval, full attendance, participation

verification, passing post-test, and issued vendor/course numbers.

Course Description

This course addresses administrator controls for physical environment safety, emergency procedures, maintenance, housekeeping, passageways, hazardous materials, water and temperature considerations, and disaster-plan readiness.

Measurable Learning Objectives

Identify physical-environment risks that affect resident safety in RCFE settings.

Apply an emergency and environmental readiness checklist to sample facility scenarios.

Recognize documentation and escalation controls for environmental hazards and disaster readiness.

Hour-by-Hour Outline

Segment

Content

Instructor assignment

Hour 1

Physical environment requirements, maintenance, housekeeping, passageways, hazardous storage, and safety checks.

[PENDING CONFIRMATION]

Hour 2

Emergency procedures, disaster-plan readiness, communication, drills, and environmental risk documentation.

[PENDING CONFIRMATION]

Teaching Methods

Live lecture with visual slides and participant-facing handouts.

Case scenarios and guided discussion using RCFE operations examples.

Polls, chat prompts, verbal check-ins, and knowledge checks during the live-stream.

Post-test administered through the LMS or controlled form after attendance is verified.

Participant Evaluation Method

Participants complete a course and instructor evaluation covering objective clarity, relevance to RCFE administrator duties, instructor effectiveness, materials, technology, timing, and suggested improvements. Evaluation records are retained with the course file.

Participant Assessment and Post-Test Method

Participants must attend the full approved duration, complete the active participation checks, and pass the post-test with a minimum score of 80 percent. Remediation may be provided once; the certificate is withheld until attendance, participation, and assessment requirements are satisfied.

Post-Test Questions and Answer Key

No.

Question

Answer key

1

Why are clear passageways an administrator concern?

They affect resident safety, emergency

movement, and regulatory compliance.

2

What should happen when an environmental hazard is identified?

Document, correct or mitigate, communicate,

and escalate when risk remains.

3

What is a disaster-plan readiness control?

Maintaining current procedures, staff

awareness, drills, supplies, and

communication plans.

4

Why are hazardous materials storage controls important?

They reduce resident access risk and support

safe operations.

5

Which Core category applies?

Managing the Physical Environment.

Active Participation Verification Method

Live-stream attendance is verified through platform log-in records, attendance check at opening and closing, periodic polls or chat/verbal responses at least every 20 to 30 minutes, facilitator monitoring, and post-test completion. A participant who is absent, inactive, or disconnected for a material portion of the approved hours is not issued completion credit until the deficiency is resolved under an approved make-up approach.

Mapping Rule

This course is mapped to one RCFE Core of Knowledge category.

Compliance Guardrails

Draft / Pending CDSS/ACS Approval; no approval claim until issued.

Current submission is the 9-course / 27-hour LIC 9140 filed set.

Future 40-hour / 12-module RCFE LMS concept is excluded from this current Drive module folder.

Official LIC forms remain official and unbranded; this PDF is a branded derivative course packet for reviewer visibility.

Certificates are withheld until CDSS/ACS approval, attendance/participation verification, passing post-test, and issued vendor/course numbers are satisfied.

Review / Signoff Notes

Final signer should verify date(s), fees, reviewer access, instructor evidence, and any pending CDSS/ACS items before submission.

No learner-facing approval or completion certificate should be issued until approval is granted.
