# REVIEW CONTEXT AFTER HANDOFF

This page records final review context only. It is not an assignment tracker, build task list, or approval claim.

No CDSS/ACS vendor or course approval claim is made until issued approval metadata exists.

## Review Context

| CONTEXT ITEM                   | REVIEW PURPOSE                    | PACKET LOCATION                |
|--------------------------------|-----------------------------------|--------------------------------|
| Official signatures/dates      | Final execution review            | Official forms packet          |
| Payment/check number           | Confirm before mailing/submission | Fee notices                    |
| Instructor evidence attachment | Confirm completeness              | Application binder attachments |
| Reviewer access                | Confirm credential delivery works | Reviewer-access material       |
| Public catalog language        | Confirm before external release   | Catalog addendum               |
