CE Catalog Addendum and Website Update Guide

Approval-safe catalog, website, certificate, and reviewer-access language

Prepared	June 09, 2026
Status	Draft / Pending Agency Approval
Folder	Clean Google Drive end-user view

LMS development may not start until Vanessa Valerio, RN or another approved SME has reviewed and approved the course materials. Internal SME approval is required before Aldrin/Dagny begin Moodle course-shell build, content import, quiz import, learner-access configuration, certificate setup, or production implementation. SME approval does not replace agency approval.

Purpose

Create a Continuing Education Catalog Addendum and approval-safe website layer. Do not imply that existing CNA/BPPE/CDPH approval automatically covers these CE application tracks.

Approval-Safe Labels

- ? CNA Renewal Online CE - Draft / Pending CDPH Approval
- ? RCFE Administrator Continuing Education - Draft / Pending CDSS/ACS Approval
- ? RN Case Management Continuing Education - Draft / Pending BRN CEP Approval

Website Structure

Add a top-level Continuing Education section with pages for CNA Renewal Online CE, RCFE Administrator CE, RN Case Management CE, Reviewer / Agency Access, and Continuing Education FAQs.

Use interest-list-only mode while pending approval. Use Join Interest List, Request Information, and Reviewer Access. Do not use Enroll Now, Start Course, Earn CEUs, or Get Certificate while pending.

Catalog Addendum Sections

Include purpose, approval status by program, program summaries, delivery methods, learner eligibility, technology requirements, completion requirements, assessment/quiz/evaluation requirements, certificate release rules, refund/cancellation/transfer rules if applicable, records retention, privacy/no-PHI policy, accessibility and technical support, instructor/SME information, agency approval disclaimer, reviewer/agency access instructions, and contact information.

Program	Agency	Current Status	Hours	Certificate Status
CNA Renewal Online CE	CDPH	Draft / Pending CDPH Approval	24 online CE hours	Blocked until CDPH approval and NAC#/course metadata
RCFE Administrator CE	CDSS/ACS	Draft / Pending CDSS/ACS Approval	9 courses / 27 hours	Blocked until CDSS/ACS approval and course/vendor metadata
RN Case Management CE	BRN	Draft / Pending BRN CEP Approval	30 contact hours	Blocked until BRN CEP approval/provider metadata

Contact Information Consistency

Known inconsistency: website/footer-style source lists (650) 449-6706 / support@ci-ion.com, while catalog source lists (408) 443-3026.

Pending owner confirmation - official primary phone number must be selected before public catalog/website release.

Certificate and Reviewer Access Controls

Certificates are disabled until applicable agency approval and required provider/course metadata are issued. CNA certificate may list online CE hours only after CDPH approval and must not claim clinical hours or full renewal completion. RCFE certificate may list only approved course/vendor metadata and approved hours. BRN certificate must use contact hours, not CEUs.

Create a private or unlisted Agency Reviewer Access page; it is not a learner enrollment page and does not advertise approved credit.

Prohibited Pending-Status Claims

- ? Do not say approved, BRN-approved course, CDSS-approved course, CDPH-approved online CE, CEUs available now, certificate available now, enroll now for approved credit, or provider number pending but usable.
- ? Do not state CNA course completes all 48 renewal hours, RCFE 27-hour packet completes the full 40-hour requirement, or BRN course is a certification program.
