DRAFT / PENDING APPROVAL

PURPOSE

This clean Google Drive folder is the end-user/signature/submission/reviewer view. It is not a repo source dump and does not contain source documents, scripts, screenshots, logs, raw source folders, cache files, or reference-only archives. LMS development may not start until Vanessa Valerio, RN or another approved SME has reviewed and approved the course materials. Internal SME approval is required before Aldrin/Dagny begin Moodle course-shell build, content import, quiz import, learner-access configuration, certificate setup, or production implementation. SME approval does not replace agency approval.

FOLDER	CONTENTS
00_START_HERE	Read-me guide, master index, submission tracker, catalog/website guide
01_CNA_CDPH_CE_APPLICATION	CNA/CDPH submission and course-materials packet
02_RCFE_CDSS_CETP_APPLICATION	RCFE/CDSS CETP submission and 9-course / 27-hour materials
03_BRN_CARE_MANAGER_CEP_APPLICATION	BRN CEP submission and 30-contact-hour course materials
04_MOODLE_IMPLEMENTATION_REQUIREMENTS	Requirements-only Moodle implementation PDF and checklist
05_ALDRIN_DAGNY_POST_SME_HANDOFF	Post-SME Moodle build handoff read-me, index, tracker

Submission Posture

Each application lane includes one application submission folder and one course-materials folder. Official government forms remain standalone unbranded PDF pages. CCCC/NATP source pages are not rebranded or included as CI-created documents. Public language must remain approval-safe until each agency issues approval and metadata.

Development Hold

LMS development may not start until Vanessa Valerio, RN or another approved SME has reviewed and approved the course materials. Internal SME approval is required before Aldrin/Dagny begin Moodle course-shell build, content import, quiz import, learner-access configuration, certificate setup, or production implementation. SME approval does not replace agency approval.
