

READ ME FIRST — CI Institute of Nursing Signer / Reviewer Packet

Status: Draft / Pending Approval — Signer & Reviewer Review Version

WHAT THIS FOLDER IS

This is the clean, signer-friendly, Google Drive-ready version of the CI Institute of Nursing regulatory application packet. It contains only the final review and submission materials for the three approval lanes:

- **01_CNA_CDPH_CE** — California CNA recertification online CE (CDPH).
- **02_RCFE_CDSS_CETP** — RCFE Continuing Education Training Program vendor & course approval (CDSS).
- **03_BRN_CARE_MANAGER_CEP** — BRN Continuing Education Provider (CEP) application.

It is **not** the full source archive. Internal drafts, build scripts, research files, audit fragments, generated outputs, one-page branded fragments, and superseded materials have been deliberately excluded. See [99_NOT_FOR_SUBMISSION_REFERENCE/00_EXCLUDED_FILES_NOT_FOR_SUBMISSION.md](#).

WHO SHOULD REVIEW IT

- The **authorized signer** (Maria Divina Bustos, CEO / Authorized Representative).
- The **SME / instructor of record** (Vanessa Valerio, RN) for instructor evidence items.
- Any **legal / privacy reviewer** confirming notice and attestation language.
- The **LMS administrator** confirming reviewer access for the regulator.

WHAT MUST BE SIGNED

- **CNA:** CDPH 192B and CDPH 193 — authorized-signer signature, printed name, and date.
- **RCFE:** LIC 9141 vendor application and the nine LIC 9140 course-approval forms — authorized signer.
- **BRN:** BRN CEP application — authorized signer / provider responsible person.
- Each lane's **Final Verification Checklist** lists the exact signature and attestation lines.

WHAT MUST BE ATTACHED

- **Instructor / SME evidence:** resume / CV, active license verification, and license expiration confirmation (Vanessa Valerio).
- **Business / identity records** as listed in each lane checklist (e.g., business license, catalog, reviewer-access credentials / LMS URL, user ID and password).

- The combined official forms in each lane folder are the forms to attach to the regulator submission.

WHAT MUST BE PAID

- **CNA (CDPH 192B):** No fee required.
- **RCFE (CDSS CETP):** Vendor fee (LIC 9141) **\$140** + course fees **\$270** = **\$410 total**.

See [02_RCFE_CDSS_CETP/04_RCFE_FEE_NOTICES_READY_FOR_PAYMENT.pdf](#) .

- **BRN (CEP):** Confirm current BRN CEP application fee on the BRN fee schedule at submission time.

WHAT MUST NOT BE SUBMITTED

- The design **template** / branding source file ([TEMPLATE MUST USE.pdf](#)).
- Any internal build scripts, research, QA images, [BRANDED_PDF_OUTPUTS](#) , [__pycache__](#) , or

draft / reference-only / superseded fragments.

- Anything listed in [99_NOT_FOR_SUBMISSION_REFERENCE/00_EXCLUDED_FILES_NOT_FOR_SUBMISSION.md](#) .

APPROVAL IS PENDING

****No certificate of completion may be issued and no advertising or approval claim may be made until the applicable regulator (CDPH, CDSS, or BRN) issues approval.**** All binders are marked *Draft / Pending Approval*. Course / provider numbers are not yet assigned and must not be claimed.

REMINDER

This folder is the **signer / end-user review version**, not the full source archive. Branded course binders carry the CI Institute of Nursing identity; ****official government forms are intentionally left unbranded and unchanged**** so they remain valid for regulator filing.
