****Status: Draft / Pending Approval — Signer & Reviewer Review Version****

What this folder is

This is the clean, signer-friendly, Google Drive-ready version of the CI Institute of Nursing regulatory application packet. It now exposes both signer-review materials and visible course materials for each lane.

`01\_SIGNER\_REVIEW` contains the complete signer-review binder, unbranded official forms, and final lane checklist.

`02\_COURSE\_MATERIALS` contains consolidated branded course PDFs so reviewers can quickly find catalog, syllabus, LMS/course package, matrix, crosswalk, and representative course materials without opening the binder first.

This is not the full source archive. Internal drafts, build scripts, research files, audit fragments, generated outputs, old one-page PDF fragments, and superseded materials are excluded.

Who should review it

The authorized signer (Maria Divina Bustos, CEO / Authorized Representative).

The SME / instructor of record (Vanessa Valerio, RN) for instructor evidence items.

Any legal / privacy reviewer confirming notice and attestation language.

The LMS administrator confirming reviewer access for the regulator.

What must be signed

CNA: CDPH 192B and CDPH 193.

RCFE: LIC 9141 vendor application and all nine LIC 9140 course forms.

BRN: BRN CEP application.

What must be attached

Instructor / SME evidence as listed in each lane checklist.

Business / identity records and reviewer-access credentials as listed in each lane checklist.

Course materials from each lane's `02\_COURSE\_MATERIALS` folder as appropriate for the submission.

What must be paid

CNA: No fee required for CDPH 192B.

RCFE: Vendor fee \$140 + course fees \$270 = \$410 total.

BRN: Confirm current BRN CEP application fee at submission time.

What must not be submitted

The raw design template file.

Raw source folders, scripts, prompts, research files, QA images, build artifacts, or old fragmented PDFs.

Anything in `99\_NOT\_FOR\_SUBMISSION\_REFERENCE` unless explicitly requested as a reference-only exclusion index.

Approval is pending

No certificate of completion may be issued and no advertising or approval claim may be made until the applicable regulator issues approval. All binders and course materials are Draft / Pending Approval.

Official government forms are intentionally unbranded and unchanged. Course materials and signer binders are branded for CI Institute of Nursing reviewer usability.
