CNA Recertification Online CE Package - 12 Units x 2 Hours (Modules 10-17 Source Backbone) - Draft / Pending Approval

CNA / CDPH Continuing Education | Draft / Pending CDPH Approval

CNA Recertification Online CE Package - 12 Units x 2 Hours (Modules 10-17 Source Backbone) - Draft / Pending Approval

Compliance-safe status banner: Draft / Pending applicable approval. Do not advertise, issue certificates, or represent this course as approved until approval status, provider/course identifiers, and certificate wording are confirmed. Online CE only; no clinical hours; no hands-on competency validation. This course does not, by itself, complete all California CNA renewal requirements. Fictional, de-identified resident examples only; no PHI.

Working Course Title: California CNA Recertification Online Continuing Education (Units U01-U12) **Audience:** California Certified Nursing Assistants completing online continuing education toward CNA renewal. **Delivery:** 100% online, asynchronous, self-paced continuing education (CE) only. **Approval status:** Draft / Pending Approval.

Aligned build structure (controlling)

The learner-facing LMS build, the application packet, the CDPH 192B course attachment, the course matrix, this package, the workbook, and the PDF-ready course documentation **all use one aligned structure:**

12 units x 2 online CE hours = 24 online CE hours total (Year 1 = U01-U06 = 12 hours; Year 2 = U07-U12 = 12 hours).

Modules 10-17 (CCCCO Nurse Assistant Model Curriculum, Rev. Dec 2018) remain the source backbone. Each unit records its source module. The heavier source modules (10, 13, 15, 17) are each delivered across two 2-hour units; the lighter source modules (11, 12, 14, 16) map to one 2-hour unit each. The earlier 8-module build framing is superseded and is not the current, final, or submission-ready structure.

A. Executive Summary

This package converts the source **CCCCO Nurse Assistant Model Curriculum (Revised December 2018), Modules 10-17** into an LMS-ready, **24-hour online continuing education (CE) course delivered as 12 units x 2 online CE hours** for the California CNA two-year renewal cycle, built for Moodle.

- The 24 online CE hours are organized as **12 units x 2 hours**, split into **Year 1 (U01-U06, 12 hours)** and **Year 2 (U07-U12, 12 hours)**.
- Source Modules 10-17 are preserved as the content backbone and mapped under each unit (Section C/F). No new module topics are invented; no standalone Infection Control unit is added (not source-backed within Modules 10-17).

- Online CE hours are kept strictly separate from clinical hours. This package does **not** claim hands-on clinical competency validation and does **not** claim clinical hours.
- All learner-facing artifacts carry draft/pending-approval language. No real approval, provider, or course numbers are used.
- Every scenario is fictional and de-identified. No PHI, no real resident/facility names, no real clinical records.

This 12-unit x 2-hour structure is aligned across the application packet and the LMS build; there is no unit-vs-module structure conflict to resolve.

B. Compliance Guardrails

- 1 **Approval language.** Placeholder approval language only. Banner on all public/learner-facing materials: *"Draft / Pending applicable approval. Do not advertise, issue certificates, or represent this course as approved until approval status, provider/course identifiers, and certificate wording are confirmed."*
- 2 **Credit language.** "24 online CE hours (12 units x 2 hours)" is **draft course-design math only** unless the master packet confirms approved wording. No approved CEU language.
- 3 **Online CE only.** Every learner-facing surface states the course delivers **online continuing education only**; it does not provide, simulate, or validate hands-on clinical skills and does not award clinical hours.
- 4 **No full-renewal claim.** This online course alone does not complete all California CNA renewal requirements.
- 5 **Scope of practice.** Every scenario/knowledge check reinforces CNA scope: observe, assist, report to the licensed nurse, document within scope. CNAs do not diagnose, interpret results clinically, change care plans, or perform licensed-staff tasks.
- 6 **No PHI / no real data.** Fictional names only (e.g., "Resident A"). Learners are instructed never to enter real resident/facility data anywhere.
- 7 **Source fidelity.** Modules 10-17 are the controlling source backbone (CCCCO NA Model Curriculum, Rev. Dec 2018). Source titles and performance objectives are preserved and mapped under the units.
- 8 **Draft posture everywhere.** All outputs are Draft / Pending Approval until the master packet proves otherwise.
- 9 **Infection control.** No standalone Infection Control unit is added. Infection-control concepts appear only where present in the source modules (e.g., glove use/equipment cleaning in vital-signs skills context; aspiration prevention in nutrition).
- 10 **No old ContentV2 control.** The older 12-hour CNA ContentV2 module set is not imported as a controlling source for this package.

C. Source Module Control Statement and Unit Mapping

Controlling source backbone: CCCCCO Nurse Assistant Model Curriculum - Revised December 2018, Modules 10-17.

Source evidence in repo: CNA-Recert-Course/ContentV2/survey-evidence/_source_text/module-10.txt ... module-17.txt and cccco_objectives.json (read-only source; used for titles, objectives, and intent only).

Unit	Year	Unit title	Source module (backbone)
U01	1	Vital Signs I: Purpose, Terminology, Temperature, and Pain Observation	Module 10 - Vital Signs
U02	1	Vital Signs II: Pulse, Respirations, Blood Pressure, Recording, and Reporting	Module 10 - Vital Signs
U03	1	Nutrition, Hydration, Diets, Feeding Assistance, and Aspiration Awareness	Module 11 - Nutrition

Unit	Year	Unit title	Source module (backbone)
U04	1	Emergency Procedures, Distress Recognition, Choking Response, and Facility Codes	Module 12 - Emergency Procedures
U05	1	Long Term Care Patient/Resident I: Aging, Body Systems, and Common Conditions	Module 13 - Long Term Care Patient/Resident
U06	1	Long Term Care Patient/Resident II: Dementia-Sensitive Care, Psychosocial Needs, and Community Resources	Module 13 - Long Term Care Patient/Resident
U07	2	Rehabilitative Nursing and Restorative Care	Module 14 - Rehabilitative Nursing
U08	2	Observation and Charting I: Objective/Subjective Observation, Terminology, and Reporting Cues	Module 15 - Observation and Charting
U09	2	Observation and Charting II: Charting Documents, Legal Documentation, and Change Reporting	Module 15 - Observation and Charting
U10	2	Death and Dying: Grief, Comfort, Hospice Awareness, and Postmortem Care Boundaries	Module 16 - Death and Dying
U11	2	Patient/Resident Abuse I: Rights, Abuse Types, Prevention, and Risk Recognition	Module 17 - Patient/Resident Abuse
U12	2	Patient/Resident Abuse II: Mandated Reporting, Confidentiality, Documentation, and Final Applied Scenario	Module 17 - Patient/Resident Abuse

Source-title preservation notes: Module 13 source title is "Long Term Care Patient/Resident"; Module 14 source title is "Rehabilitative Nursing" (restorative care used as subtitle). These source titles govern the backbone mapping; the unit titles above are the learner-facing CE unit titles.

D. 24-Hour Course Map (12 units x 2 hours)

Hour convention: 1 online CE hour = 60 minutes of documented, engaged seat time (content + activities + assessment). Each unit = 2 online CE hours.

Unit	Year	Title	Online CE hours	Source module (backbone)
U01	1	Vital Signs I	2	Module 10
U02	1	Vital Signs II	2	Module 10
U03	1	Nutrition, Hydration, Diets, Feeding Assistance, Aspiration	2	Module 11
U04	1	Emergency Procedures, Distress, Choking, Codes	2	Module 12
U05	1	Long Term Care I: Aging, Body Systems, Conditions	2	Module 13
U06	1	Long Term Care II: Dementia-Sensitive Care, Psychosocial, Resources	2	Module 13
U07	2	Rehabilitative Nursing and Restorative Care	2	Module 14
U08	2	Observation and Charting I	2	Module 15

Unit	Year	Title	Online CE hours	Source module (backbone)
U09	2	Observation and Charting II	2	Module 15
U10	2	Death and Dying	2	Module 16
U11	2	Patient/Resident Abuse I	2	Module 17
U12	2	Patient/Resident Abuse II	2	Module 17
		Total	24	Modules 10-17

Reconciliation: 12 units x 2 online CE hours = 24 online CE hours. Year 1 = U01-U06 = 12 hours. Year 2 = U07-U12 = 12 hours. Draft online CE design hours only; not approved CEUs and not clinical hours.

E. Year 1 / Year 2 Split

Year	Units	Source modules	Online CE hours
Year 1	U01-U06	Modules 10, 11, 12, 13	12
Year 2	U07-U12	Modules 14, 15, 16, 17	12

- Each Year is a Moodle **section group** with its own completion roll-up and Year-level assessment.
- The learner earns the certificate only after **both** Years are complete (Section K).

F. Unit Blueprints (U01-U12)

Each unit = 2 online CE hours. Objectives are the source CCCC performance standards, restated as measurable online-CE objectives (cognitive/observation/reporting level - no hands-on competency claim). Each unit's LMS activity set: Page (objectives + banner) -> Lesson -> interactive practice -> fictional scenario -> knowledge check -> documentation/reflection.

U01 - Vital Signs I (Year 1 - 2 online CE hours) - Source: Module 10

Objectives: define vital-signs terminology; state adult temperature normal ranges and routes; identify factors that raise/lower temperature; observe pain objectively and report within scope.

U02 - Vital Signs II (Year 1 - 2 online CE hours) - Source: Module 10

Objectives: measure/observe pulse, respirations, and blood pressure concepts and adult normal ranges; distinguish normal vs reportable findings; record T-P-R and BP accurately within CNA documentation scope; report abnormal findings to the licensed nurse.

U03 - Nutrition, Hydration, Diets, Feeding Assistance, and Aspiration Awareness (Year 1 - 2 online CE hours) - Source: Module 11

Objectives: define nutrition/hydration terminology; match common therapeutic diets to the CNA role; apply safe feeding-assistance and aspiration-prevention precautions; respect cultural/religious dietary needs; observe-and-report alternative nutrition routes.

U04 - Emergency Procedures, Distress Recognition, Choking Response, and Facility Codes (Year 1 - 2 online CE hours) - Source: Module 12

Objectives: recognize signs of resident distress; sequence scope-safe immediate actions (stay, call the nurse, activate the EMS chain); describe within-scope response to a conscious choking adult; match facility emergency codes. Online CE only - no hands-on CPR/first-aid certification is claimed.

U05 - Long Term Care Patient/Resident I: Aging, Body Systems, and Common Conditions (Year 1 - 2 online CE hours) - Source: Module 13

Objectives: summarize aging changes by body system; describe common conditions and complications of immobility the CNA observes and reports; relate basic anatomy/physiology to scope-safe observation.

U06 - Long Term Care Patient/Resident II: Dementia-Sensitive Care, Psychosocial Needs, and Community Resources (Year 1 - 2 online CE hours) - Source: Module 13

Objectives: apply dementia-sensitive, person-centered approaches and scope-safe de-escalation; describe psychosocial/spiritual needs and supports; identify community resources for elderly residents.

U07 - Rehabilitative Nursing and Restorative Care (Year 2 - 2 online CE hours) - Source: Module 14

Objectives: explain restorative-care philosophy; describe the CNA role on the rehab team; promote ADLs and self-care; identify adaptive/comfort devices; describe ROM types and immobility-complication prevention at the assist/observe/report level.

U08 - Observation and Charting I: Objective/Subjective Observation, Terminology, and Reporting Cues (Year 2 - 2 online CE hours) - Source: Module 15

Objectives: distinguish objective vs subjective observation and the senses used; identify common medical word elements/abbreviations; recognize reporting cues and escalate within scope.

U09 - Observation and Charting II: Charting Documents, Legal Documentation, and Change Reporting (Year 2 - 2 online CE hours) - Source: Module 15

Objectives: identify charting document types; apply accurate, timely, factual, scope-safe recording and correction practices; complete an objective incident report; report changes in condition. CNAs document observations, not diagnoses.

U10 - Death and Dying: Grief, Comfort, Hospice Awareness, and Postmortem Care Boundaries (Year 2 - 2 online CE hours) - Source: Module 16

Objectives: describe the five stages of grief; apply scope-safe approaches to emotional/spiritual needs; list rights of the dying resident; differentiate signs of approaching vs biological death; describe comfort, hospice-team support, and postmortem-care boundaries within scope.

U11 - Patient/Resident Abuse I: Rights, Abuse Types, Prevention, and Risk Recognition (Year 2 - 2 online CE hours) - Source: Module 17

Objectives: define abuse terminology and types; explain resident rights; describe the CNA role in prevention and risk recognition.

U12 - Patient/Resident Abuse II: Mandated Reporting, Confidentiality, Documentation, and Final Applied Scenario (Year 2 - 2 online CE hours) - Source: Module 17

Objectives: describe the mandated-reporter duty, reporting pathways, and timelines; maintain confidentiality; document objectively; apply learning in a final applied scenario.

G. LMS / Moodle Build Plan

G.1 Course shell

- **Course full name (draft):** California CNA Recertification Online Continuing Education: Units U01-U12 (Draft / Pending Approval)
- **Format:** Topics/flexible sections with two top-level section groups: *Year 1* and *Year 2*.

G.2 Section layout

```
Course: CNA Recertification Online CE - 12 Units x 2 Hours (Draft)
|- Section 0: Start Here (orientation, identity confirmation, learner attestation, no-PHI agreement)
|- Year 1 (12 online CE hours)
|   |- U01 Vital Signs I (2h)           [Source: Module 10]
|   |- U02 Vital Signs II (2h)        [Source: Module 10]
|   |- U03 Nutrition/Hydration (2h)   [Source: Module 11]
```

```

|   |- U04 Emergency Procedures (2h)      [Source: Module 12]
|   |- U05 Long Term Care I (2h)         [Source: Module 13]
|   |- U06 Long Term Care II (2h)        [Source: Module 13]
|   \- Year 1 Assessment
|- Year 2 (12 online CE hours)
|   |- U07 Rehabilitative Nursing (2h)    [Source: Module 14]
|   |- U08 Observation/Charting I (2h)    [Source: Module 15]
|   |- U09 Observation/Charting II (2h)   [Source: Module 15]
|   |- U10 Death and Dying (2h)          [Source: Module 16]
|   |- U11 Resident Abuse I (2h)         [Source: Module 17]
|   |- U12 Resident Abuse II (2h)        [Source: Module 17]
|   \- Year 2 Assessment + certificate gate

```

G.3 Completion / restrict / quiz settings

- Completion tracking enabled at course level; each unit's Page/Lesson/Scenario/Knowledge-Check/Documentation activity sets activity-completion conditions; each unit and each Year has a roll-up.
- Knowledge checks (formative): unlimited attempts, per-item feedback, shuffle, completion-gated; no learner-facing answer key.
- Year assessments (summative): limited attempts, shuffled, deferred feedback, review options restricted; **80% pass**; random selection from unit question banks.
- Restrict access: Section 0 before Year 1; within a unit, Scenario after Lesson and Knowledge Check after Scenario; Year 1 Assessment after U01-U06; Year 2 after Year 1 (and/or date); Year 2 Assessment after U07-U12; certificate behind full course completion + approval confirmation.

H. Assessment Plan

- 1 **Formative knowledge checks** - one per unit (KC-U01 ... KC-U12), 8-10 auto-graded items each, unlimited attempts, per-item feedback, completion-gated.
- 2 **Scenario-based activities** - one per unit (S-U01 ... S-U12), branching scope-safe decisions, fictional residents only.
- 3 **Summative assessments** - **Year 1 Assessment** (U01-U06) and **Year 2 Assessment** (U07-U12), drawn from unit question banks; **80% pass**; limited attempts; review restricted.
- 4 **No learner-facing answer key**; internal key maintained separately for admin/faculty.
- 5 **Scope-of-practice guardrails** embedded in every scenario; fictional/no-PHI throughout.

I. Final Assessment Blueprint

Item	Year 1 Assessment	Year 2 Assessment
Scope	Units U01-U06 (Modules 10-13)	Units U07-U12 (Modules 14-17)
Source of items	Year 1 unit question banks	Year 2 unit question banks
Pass threshold	80%	80%
Attempts	up to 3 (configurable)	up to 3
Review options	score + remediation only	same
Completion effect	unlocks Year 1 roll-up	contributes to certificate gate

J. Certificate Gate and Completion Logic

Certificate issuance is **blocked** until every gate item is satisfied; the certificate uses placeholder approval/provider/course identifiers only.

Gate item	Required condition
Identity confirmed	Section 0 identity checkpoint complete

Gate item	Required condition
No-PHI agreement	Accepted in Section 0
Year 1 units complete	U01-U06 all activities complete
Year 1 assessment passed	>= 80%
Year 2 units complete	U07-U12 all activities complete
Year 2 assessment passed	>= 80%
Seat-time evidence	Minimum documented engaged time met
Learner attestation/affidavit	Final affidavit submitted
Approval status confirmed	Provider/course approval + certificate wording confirmed (currently NOT met - Draft)

Until "Approval status confirmed" is true, no certificate may be issued or advertised - the course remains Draft.

K. Learner Attestation / Affidavit

- 1 **Enrollment attestation (Section 0):** confirm identity (legal name; CNA number only if the master packet requires it - confirm), academic-integrity terms, and the **no-PHI agreement**.
- 2 **Per-Year integrity attestation** before each Year assessment.
- 3 **Final affidavit (pre-certificate):** attests personal completion, genuine engaged time, understanding that this is online CE only (no clinical hours) and does not by itself complete all CNA renewal requirements, and that no real resident/facility data was used.

L. Recordkeeping and Audit Evidence

Per-learner records: enrollment/identity, activity-completion data, time/log data, knowledge-check and Year-assessment attempts/scores, attestation/affidavit, and certificate record (post-approval). Retention: the longer of CDPH and BPPE requirements (confirm). No PHI in any artifact.

M. Supporting Workbook and PDF-Ready Documentation

- Workbook: CNA_Recert_Modules_10_17_24HR_LMS_BUILD_WORKBOOK.xlsx (build script build_workbook.py). Sheets use **unit IDs U01-U12** with source Modules 10-17 mapped under each unit (Course_Map = 12 unit rows; Module_Source_Map maps each unit to its source module; LMS_Activity_Map uses U01-U12; Assessment_Blueprint maps to U01-U12; Certificate_Gate requires all 12 units; Application_Packet_Checklist references 12 units x 2 hours; Audit_Evidence_Log uses 12-unit completion evidence).
- PDF-ready: pdf-ready/CNA_Recert_Modules_10_17_24HR_Course_Documentation_Packet.md documents the 12-unit x 2-hour build. The individual CNA_M10 . . M17 documents are retained as **source module documentation (reference only)** - they describe the CCCC source modules that form the backbone and are not the LMS unit hour allocation.

N. Open Items (final verification only)

- Provider/course approval + identifiers (course remains Draft until issued).
- Pass threshold confirmation (80% assumed).
- CNA certificate-number collection requirement (confirm).
- Seat-time definition and retention period (CDPH vs BPPE).
- Refund/cancellation policy (pull institution's approved policy).

-
- Vanessa Valerio SME/instructor evidence attachment (resume/CV, license verification, expiration date).

There is no unit-vs-module structure conflict: the application packet and the LMS build both use the aligned 12-unit x 2-hour structure with Modules 10-17 as the source backbone.

Draft / Pending Approval. Do not advertise, issue certificates, or represent this course as approved until the official approval status, provider/course identifiers, and certificate wording are confirmed. Online CE only; no clinical hours.
