Final Reviewer Controls

This consolidated course-material PDF is included separately from the complete signer-review binder so signer and reviewer users can locate course content quickly in Google Drive.

Status: Draft / Pending Approval.

Do not issue certificates, advertise approval, or claim approved provider/course numbers until regulator approval is received.

Use this branded course PDF for end-user review; do not substitute raw source folders, build scripts, prompt files, old one-page fragments, or superseded placeholders.
