This is a CI Institute of Nursing derivative review document prepared for signer/reviewer visibility. It does not alter official government forms or source/reference curriculum materials.

CNA Module 16 - Death and Dying

Course / Module Visibility Purpose

This visible Drive-packet document gives reviewers a module-level view of CCCCCO/NATP Module 16 - Death and Dying as the source backbone for the current CNA/CDPH online CE package.

Application-Facing Structure Preserved

The approved/current application-facing structure remains 12 units x 2 online CE hours = 24 online CE hours. CCCCCO/NATP Modules 10-17 are not presented as eight standalone 3-hour final courses. They are the source module backbone mapped into the 12-unit online CE course structure.

Learner-facing unit title

Hours

U10

Death and Dying: Grief, Comfort, Hospice

Awareness, and Postmortem Care

Boundaries

2 online CE hours

Learning Objectives

Describe grief responses and scope-safe emotional support for residents and families.

List rights of the dying resident and comfort-focused CNA support.

Differentiate signs of approaching death from biological death without making determinations.

Describe hospice-team support and postmortem-care boundaries within scope.

Course Outline

Grief, communication, cultural/spiritual sensitivity, and dignity-preserving care.

Resident rights, comfort measures, hospice-team roles, and family support.

Signs to observe and report; CNA boundaries around pronouncement and clinical decisions.

Postmortem-care concepts, privacy, and documentation/reporting expectations.

Learner Activities

Learner page with objectives, status banner, and source/backbone statement.

Lesson content organized around the source module topic and mapped LMS unit(s).

Fictional resident scenario focused on observe/assist/report/document boundaries.

Formative knowledge check with feedback and remediation; no public answer key.

Completion attestation confirming online CE participation and no-PHI rules.

Assessment / Knowledge-Check Plan

Unit knowledge checks: 8-10 auto-graded items, unlimited attempts, immediate feedback.

Year assessment coverage follows the 12-unit map: U01-U06 for Year 1 and U07-U12 for Year 2.

Certificate gate remains blocked until all 12 units, year assessments, seat-time evidence, and approval confirmation are complete.

Compliance Guardrails

Draft / Pending CDPH approval; no approval claim is made.

Online CE only; no clinical hours and no hands-on competency validation are claimed.

This online CE course does not, by itself, complete all California CNA renewal requirements.

CNA scope is limited to observe, assist, report to the licensed nurse, and document within scope.

No real resident, facility, or PHI data may be entered in scenarios, assignments, or documentation practice.

Old ContentV2 M00-M07 is not presented as current or controlling.

The superseded 8 modules x 3 hours framing is not presented as the final structure.

Source / Backbone Statement

Source backbone: CCCCO Nurse Assistant Model Curriculum / NATP source Module 16 - Death and Dying. This CI Institute of Nursing derivative review packet summarizes and maps the source backbone for Drive visibility. It does not brand, restyle, watermark, crop, or redesign original CCCCO/NATP source pages or official source excerpts.

Review / Signoff Notes

SME/instructor evidence remains subject to final signer verification.

Reviewer should verify that the lane binder, CDPH forms, course matrix, and LMS build continue to show 12 units x 2 online CE hours.

Approval status remains Draft / Pending Approval until issued.
