

BRN Case Management CE Package - Draft / Pending BRN CEP Approval

Full Course Documentation Packet (30 Contact Hours)

Provider (from master packet): CI Institute of Nursing, Inc. — 419 E. Hamilton Ave., Campbell, CA 95008 — 650-449-6706 — humanresources@ci-ion.com — <https://www.ci-ion.com>

Course: RN Case Management in Home Health: Care Coordination, Documentation, Patient Advocacy, and Safe Transitions of Care

"Pending California Board of Registered Nursing Continuing Education Provider approval. Do not advertise, issue certificates, or represent this course as approved until a BRN CEP number has been issued."

This document follows a CCCCCO-style documentation organization only (structured overview, objectives, content outline, activities, facilitator notes, assessment mapping, compliance support). No CCCCCO content is copied; all content is original and customized for California BRN Case Management CE.

Scope-change flag (read first): The master application packet documents a single **4-contact-hour** representative course. This packet documents a **new 30-contact-hour** course design. The 30-hour design is **Draft / Needs SME approval** and is **not yet reflected** in the official BRN contact-hour map or transfer worksheet. **[[SME REVIEW REQUIRED BEFORE SUBMISSION]]**

1. Course Overview

A fully online, self-paced continuing education course for California registered nurses in care/case management. Ten modules build nurse-led care coordination, patient-centered assessment and care planning, audit-ready documentation, patient advocacy and ethics, safe transitions and discharge planning, utilization review, quality/risk management, and high-risk patient management - applied through fictional, de-identified scenarios and documentation practice, with a capstone and cumulative final exam.

Audience: California RNs working or preparing to work in care management, case management, home-health coordination, intake coordination, discharge planning, quality review, or patient advocacy.

This course is NOT a case management certification, CCM certification, social-work license credit, or any scope expansion. It is RN continuing education only.

2. 30-Contact-Hour Calculation

• Contact-hour rule: 50 instructional minutes = 1 contact hour.

• 30 contact hours x 50 minutes = **1,500 instructional minutes minimum**.

• 10 modules x 3 contact hours = 30 contact hours; each module ≥ 150 minutes; none < 60 minutes.

• Design total estimated learner minutes = **1,680** (buffer above the 1,500 floor).

• This is draft course-design math only - **not** an 'approved for' claim.

3. Module Sequence

Module ID	Title	Contact hrs	Est. min	Linkage
CM-M01	Foundations of RN Case Management and Nursing Scope	3	165	Indirect patient/client care
CM-M02	Assessment, Intake, and Patient-Centered Care Planning	3	170	Direct patient/client care

Module ID	Title	Contact hrs	Est. min	Linkage
CM-M03	Care Coordination Across Disciplines and Settings	3	165	Direct + indirect patient/client care
CM-M04	Documentation, Legal Charting, and Audit-Ready Records	3	170	Indirect patient/client care (legal aspects of nursing)
CM-M05	Patient Rights, Consent, Advocacy, and Ethical Boundaries	3	165	Direct patient/client care
CM-M06	Transitions of Care, Discharge Planning, and Community Resources	3	170	Direct patient/client care
CM-M07	Utilization Review, Medical Necessity, and Payer-Safe Communication	3	165	Indirect patient/client care (current healthcare trends)
CM-M08	Quality Assurance, Risk Management, Incident Reporting, and Escalation	3	165	Indirect patient/client care (quality assurance; legal aspects)
CM-M09	Chronic Disease, Geriatric, and High-Risk Patient Management	3	170	Direct patient/client care (scientific knowledge)
CM-M10	Integrated Case Management Capstone and Final Assessment	3	175	Direct + indirect patient/client care
TOTAL	10 modules	30	1680	Direct + Indirect

4. BRN Fit Rationale

BRN CE content must be relevant to the practice of registered nursing and related to scientific knowledge, technical skills, or direct/indirect patient/client care. Each module is anchored to that standard:

Module	Linkage	Nursing-practice anchor
CM-M01	Indirect patient/client care	Establishes the RN scope-of-practice and role boundaries that make nurse-led case management safe and lawful, framing case management as a function within registered-nursing practice rather than a separate license.
CM-M02	Direct patient/client care	Nursing assessment, problem identification, and patient-centered goal setting are core RN clinical practice and the foundation of safe care plans.
CM-M03	Direct + indirect patient/client care	Nurse-led interdisciplinary coordination protects continuity and prevents gaps that cause patient harm.
CM-M04	Indirect patient/client care (legal aspects of nursing)	Accurate, timely, defensible documentation is a patient-safety and legal function of nursing practice.
CM-M05	Direct patient/client care	Advocacy, informed consent, confidentiality, and ethical boundaries are direct nursing duties protecting patients.
CM-M06	Direct patient/client care	Effective discharge planning and warm handoffs reduce avoidable readmissions and patient harm.

Module	Linkage	Nursing-practice anchor
CM-M07	Indirect patient/client care (current healthcare trends)	Utilization review tied to nursing judgment ensures patients receive appropriate, safe, non-excessive care; payer-safe communication protects the patient and the record.
CM-M08	Indirect patient/client care (quality assurance; legal aspects)	QA, risk identification, incident reporting, and escalation are nursing patient-safety functions.
CM-M09	Direct patient/client care (scientific knowledge)	Applies clinical/scientific knowledge to manage high-risk populations and reduce decompensation.
CM-M10	Direct + indirect patient/client care	Synthesizes nurse-led care management across the full patient journey and verifies competency.

Highest-scrutiny modules: CM-M07 (Utilization Review) and CM-M08 (QA/Risk) border administrative content; both keep the nursing-judgment and patient-safety thread explicit so they read as indirect patient care. [[SME REVIEW REQUIRED BEFORE SUBMISSION]]

5. LMS Delivery Model

Platform: Moodle. **Format:** Topics format - Section 0 'Start Here' + 10 module sections + 'Certificate & Records' section.

Sequential gating: each module is restricted until the prior module is complete; the final exam is restricted until Modules 1-9 are complete and the capstone is submitted.

Completion tracking: lessons require view; knowledge checks require a passing grade ($\geq 80\%$); assignments require submission (and grade where faculty-scored).

Mobile-first: single-column responsive layout, large tap targets, chunked lessons, accessible downloadable templates; tested in the Moodle mobile app.

Progress visibility: completion-progress and course-completion-status blocks.

6. Assessment Strategy

Layer	Instrument	Threshold	Learner sees	Admin/faculty sees
1	Module knowledge checks (KC1-KC9 + capstone self-check)	$\geq 80\%$ to complete	Per-item feedback only	Item analysis + internal key
2	Scenario-based assignments (per module)	Submission + rubric	Rubric feedback	Submissions + scores
3	Capstone documentation package	Meets rubric minimum	Rubric feedback	Full rubric scoring
4	Cumulative final exam	$\geq 80\%$ to pass	Pass/fail + remediation	Item analysis + internal key

Pass threshold: 80% on all graded knowledge checks and the final exam. **No final answer key is shown to learners;** a separate internal key (admin/faculty) holds correct answers + rationales. **Remediation:** targeted feedback -> route to relevant lesson(s) -> require reflection/re-do before retry -> lock after maximum attempts for faculty/SME review.

7. Certificate Gate Logic

A certificate issues **only** when all conditions are met (no blank certificates):

Gate item	Required condition	Evidence source	Manual review
All modules complete	CM-M01..CM-M10 activity completion done	Completion report	No
Knowledge checks passed	Each KC >=80%	Gradebook	No
Capstone meets rubric	Minimum met on all criteria	Assignment grade	Yes (faculty)
Final exam passed	>=80%	Quiz grade	No
Evaluation submitted	Course evaluation complete	Feedback activity	No
No-PHI attestation	Attestation + faculty PHI review	Assignment attestation	Yes
Approval placeholder	CEP number shows placeholder until issued	Certificate template	Yes
Retention statement	4-year retention notice present	Certificate template	Yes

8. Completion / Evidence Model

Course completion = all 10 module checkpoints + final exam passed + evaluation submitted, which unlocks the gated certificate. Evidence captured per learner: completion report, knowledge-check scores, assignment submissions, capstone + rubric, final-exam records, time-on-task logs, evaluation responses, issued-certificate record, and no-PHI attestations.

9. Recordkeeping Model

Provider/CE records retained **>=4 years** (institutional posture 5 years; transcripts indefinitely) at 419 E. Hamilton Ave., Campbell, CA 95008. Records custodian: **Yadvir Saandal** (per master packet). No blank certificates; certificates issued only after completion criteria are met; learners instructed to retain the certificate for four years. Audit evidence exported per learner at certificate issuance and as a full-course export quarterly. **No PHI** is stored in any evidence artifact.

10. No-PHI Policy

All instructional cases are fictional and de-identified. Learners must never enter real patient/resident/family/employer/facility information. Site/course banners and assignment reminders restate the rule; faculty perform a PHI spot-check before grading and a manual PHI review of the capstone; a learner no-PHI attestation is required.

11. Draft Flyer / Brochure Copy

Draft - Pending BRN CEP Approval. "Pending California Board of Registered Nursing Continuing Education Provider approval. Do not advertise, issue certificates, or represent this course as approved until a BRN CEP number has been issued."

CI Institute of Nursing - 419 E. Hamilton Ave., Campbell, CA 95008 - 650-449-6706 - humanresources@ci-ion.com - <https://www.ci-ion.com>

Course title: RN Case Management in Home Health: Care Coordination, Documentation, Patient Advocacy, and Safe Transitions of Care

Who it's for: California RNs in (or preparing for) care management, case management, home-health coordination, intake, discharge planning, quality review, or patient advocacy.

Description: A practical, fully online CE course. Across ten modules you will strengthen nurse-led care coordination, patient-centered assessment and care planning, audit-ready documentation, advocacy and ethics, safe transitions, utilization review, and quality/risk management - applied through fictional, de-identified cases.

Learning objectives (summary): Coordinate care across disciplines and settings; document to an audit-ready standard; protect patient rights and advocate ethically; plan safe transitions; support medical necessity in nursing terms; and manage high-risk, chronic, and geriatric patients.

Draft contact hours: 30 contact hours (*draft design math; not 'approved for' any hours until a BRN CEP number is issued*). **Delivery:** Online, self-paced via Moodle; 80% pass requirement. **Completion:** all 10 modules, all knowledge checks and the final exam at >=80%, the capstone, and the course evaluation.

Refund/cancellation (placeholder): Written cancellation honored through the first session or the 7th calendar day after enrollment, whichever is later; pro-rata refund when <=60% completed; refunds within 45 days.

Notices: Does **not** grant a case management certification, CCM certification, social-work license credit, or any scope expansion - RN continuing education only. **No PHI:** all examples are fictional and de-identified.

12. Draft Certificate Text

Draft certificate - Pending BRN CEP Approval. Not for issuance until a CEP number is issued. No blank certificates.

CI INSTITUTE OF NURSING

Certificate of Completion - Continuing Education for Registered Nurses

This certifies that _____ [Learner Full Name]

has successfully completed:

RN Case Management in Home Health: Care Coordination, Documentation, Patient Advocacy, and Safe Transition

Completion date: _____

Contact hours: [____ contact hours - placeholder until BRN CEP approval]

Provider: CI Institute of Nursing

BRN CEP Provider Number: [CEP # PENDING - placeholder until issued by the California Board of Registered Nursing. Do not represent as approved until issued.]

Authorized signature: _____ Title: _____

RETENTION NOTICE: Please retain this certificate of completion for FOUR (4) YEARS.

This course is continuing education only. It does not grant a case management certification, CCM certification, social work license credit, or any scope expansion. All instructional cases are fictional and de-identified.

Required elements present: learner name, course title, completion date, provider-name placeholder, BRN CEP number placeholder, contact-hours placeholder, signature/title placeholder, 4-year retention statement, approval-placeholder language, and no-certification/no-scope statement. No real provider number is used (none exists in the master packet).

13. Course Evaluation Form

Delivered as a Moodle Feedback activity; required for completion.

Part 1 - Objective achievement (1=strongly disagree ... 5=strongly agree):

- 1 The stated learning objectives were met.
- 2 Content was relevant to my registered-nursing practice in care/case management.
- 3 The contact-hour/time commitment matched the workload.
- 4 Scenarios and exercises improved my applied judgment.
- 5 Documentation practice was useful and realistic.
- 6 The course was free of commercial bias.
- 7 Materials were accessible and easy to navigate (mobile included).

Part 2 - Instruction & design: 8. Instructor/SME content was clear and credible. 9. Assessments fairly measured the objectives. 10. Feedback/remediation was helpful.

Part 3 - Open response: 11. Most valuable? 12. What to improve? 13. Any concerns about accuracy, accessibility, or content?

Part 4 - Attestation (required checkbox): 'I confirm I completed the activities myself and did not submit any real patient information (no PHI).'

14. SME / Compliance Checklist

#	Item	Module(s)	Reviewer	Status
S1	RN scope statements accurate/current	M01	SME	Pending
S2	Assessment frameworks & care-plan template current	M02	SME	Pending
S3	Handoff/SBAR examples reflect practice	M03	SME	Pending
S4	Documentation/legal-chart ing standards correct	M04	SME + Legal	Pending
S5	Consent/advocacy/ethics correct	M05	SME + Legal	Pending
S6	Discharge/teach-back content correct	M06	SME	Pending
S7	Medical-necessity stays in nursing lane	M07	SME + Compliance	Pending
S8	QA/risk patient-safety framed	M08	SME + Compliance	Pending
S9	Chronic/geriatric content current & education-only	M09	SME	Pending
S10	Capstone rubric & final items valid/fair	M10	SME	Pending
C1	Placeholder approval language everywhere	All	Compliance	Drafted
C2	'Contact hours' not 'CEUs'; no 'approved for' claims	All	Compliance	Drafted
C3	Each module >=150 min; none <60; 30-hr math correct	All	Compliance	Verified
C4	Certificate 4-yr retention; no blank certificates	All	Compliance/Legal	Drafted
C5	No PHI; all cases fictional/de-identified	All	Compliance/Privacy	Designed-in
C6	No certification/scope-expansion claims	All	Compliance/Legal	Drafted
C7	80% threshold; no learner key; internal key separated	All	Faculty/Admin	Designed-in
C8	Offering-type & contact-hour discrepancy vs. packet reconciled	All	SME/Compliance	OPEN
C9	Accessibility (WCAG 2.1 AA) verified on build	All	Accessibility	Pending

15. Open Items Requiring Confirmation Before Submission

- 1 **Scope reconciliation:** packet documents a 4-hour live webinar; this design is 30-hour online self-paced. Reconcile and update the official BRN contact-hour map + transfer worksheet. [[SME REVIEW REQUIRED]]
- 2 **Offering type / independent-study:** confirm BRN independent-study methodology requirements if delivered online self-paced.
- 3 **Instructor evidence (Vanessa Valerio, RN 788389):** license expiration, education, experience, teaching experience, adult-education info - all **Needs confirmation.**
- 4 **SME of record for the expanded 30-hour scope** (especially CM-M07/CM-M08) - **Needs confirmation.**
- 5 **Prior California nursing CE provider history** answer - final verification.
- 6 **CE coordinator designation** - final verification.
- 7 **Course offer dates / schedule** - **Needs confirmation.**
- 8 **Legal/privacy sign-off** on policy + certificate wording - pending.
- 9 **\$750 payment/check attachment** confirmation - pending.
- 10 **BRN CEP number** - **not issued**; all approval language stays placeholder until issued.
- 11 **Final-exam & knowledge-check item bank** - blueprinted here; full item text + validated internal key require SME authoring/sign-off.

Confirmed from packet (source of truth): provider identity, address/phone/email/website, FEIN, corporation status, records custodian (Yadvir Saandal), instructor of record (Vanessa Valerio, RN 788389), refund/cancellation/recordkeeping policy, certificate required elements + 4-year retention, \$750 fee.

16. Individual Module Documentation Index

Module ID	Title	PDF file
