

BRN Case Management CE Package - Draft / Pending BRN CEP Approval

Documentation, Legal Charting, and Audit-Ready Records

Provider (from master packet): CI Institute of Nursing, Inc. — 419 E. Hamilton Ave., Campbell, CA 95008 — 650-449-6706 — humanresources@ci-ion.com — <https://www.ci-ion.com>

"Pending California Board of Registered Nursing Continuing Education Provider approval. Do not advertise, issue certificates, or represent this course as approved until a BRN CEP number has been issued."

This document follows a CCCCCO-style documentation organization only (structured overview, objectives, content outline, activities, facilitator notes, assessment mapping, compliance support). No CCCCCO content is copied; all content is original and customized for California BRN Case Management CE.

Module At a Glance

Field	Value
Module ID	CM-M04
Module title	Documentation, Legal Charting, and Audit-Ready Records
Parent course	RN Case Management in Home Health: Care Coordination, Documentation, Patient Advocacy, and Safe Transitions of Care
Contact hours	3 (draft design math)
Estimated learner minutes	170 (>=150 floor)
Direct/indirect linkage	Indirect patient/client care (legal aspects of nursing)
Approval status	Draft / Pending BRN CEP Approval

BRN Relevance Rationale

Accurate, timely, defensible documentation is a patient-safety and legal function of nursing practice.

Module Description

Teaches documentation standards, error-correction conventions, audit-readiness, and retention - the legal-aspects-of-nursing content that protects patients and the provider.

Measurable Learning Objectives

By the end of this module the learner will be able to:

- 1 Apply documentation standards (accurate, objective, timely, complete, legible/attributable).
- 2 Correct a non-compliant chart entry using accepted late-entry/error-correction conventions.
- 3 Identify documentation that would and would not withstand an audit.
- 4 Explain retention requirements and the four-year certificate/record posture.

Required Readings / Learning Content Sections

- Reading 4.1 - Purpose and legal weight of the record.
- Reading 4.2 - Documentation standards and charting do/don't.
- Reading 4.3 - Error correction, late entries, addenda.
- Reading 4.4 - Audit-readiness and retention (>=4-year posture).

Detailed Lesson Outline

Lesson ID	Lesson	Est. minutes
CM-M04-L1	Purpose & legal weight of the record	35
CM-M04-L2	Standards & charting do/don't	40
CM-M04-L3	Error correction, late entries, addenda	35
CM-M04-L4	Audit-readiness & retention	35
CM-M04-KC	Knowledge check + chart-note rewrite	25

Total estimated instructional minutes: **170** (meets the ≥ 150 -minute / 3-contact-hour floor).

Key Terms

Term	Definition
Audit-ready	Documentation complete and defensible enough to withstand external review.
Addendum	A dated, attributed addition to a record made after the original entry.
Late entry	A properly labeled entry made after the time of the event.
Attributable	Clearly tied to the author and time (signature, credential, timestamp).
Retention	The required period records must be kept (≥ 4 years for CE records).

Fictional / De-identified Case Scenario

All clinical content is fictional and de-identified. No PHI. A fictional vague chart note reads: 'pt seems fine, will follow up.' It lacks objective findings, a plan, a time, and a clear author.

Learner Activities

- Read Sections 4.1-4.4.
- Identify the deficiencies in the weak note.
- Rewrite the note to an audit-ready standard.
- Write a properly formatted correction/addendum and complete Knowledge Check 4.

Documentation / Decision-Making Exercise

Rewrite the weak note into a compliant, audit-ready, de-identified entry, then add a correctly formatted error-correction or addendum.

Knowledge Check Blueprint

10 items including 'spot the documentation error' items, unlimited attempts, immediate feedback, no full key, $\geq 80\%$ to complete.

Assessment Items (Learner-Facing Stems)

KC4-Q1 (MCQ). Which note best meets audit-ready documentation standards?

- 'pt seems fine, will follow up'
- Objective findings + action + plan + time + signature/credential
- No issues'

- Do not see chart

KC4-Q2 (MCQ). The correct way to fix a charting error is to:

- All of these
- Erase or delete it
- Use correction fluid
- Draw a single line, label as error, date/sign, add correct entry
- Rewrite the whole note silently

KC4-Q3 (True/False). Continuing-education provider records must be retained for at least four years.

- True
- False

LMS Completion Criteria

- All lesson pages viewed (activity completion: require view).
- M4 knowledge check passed at >=80% (require passing grade).
- Documentation/decision exercise submitted (require submission).

Evidence Generated by Learner Completion

- Activity-completion timestamps (time-on-task evidence).
- Knowledge-check score and attempt log.
- Submitted exercise artifact (retained >=4 years; no PHI).

Moodle Activity Recommendations

- Pre
- Pre
- Pre (KC4)
- Assignment (rewrite)

Accessibility Considerations

- Captions + transcripts for any media; semantic headings; alt text on diagrams.
- Sufficient color contrast; no color-only meaning; keyboard-navigable activities.
- Accessible downloadable templates (tagged PDF + DOCX); extended-time accommodation supported.
- Target WCAG 2.1 AA on the built course.

PHI / Privacy Guardrails

- All cases fictional and de-identified; no real patient/resident/family/facility data.
- Highlight aspects content; provided notes use fictional placeholders only; learners never paste real records.
- Submission reminders and (for capstone) attestation + manual PHI review.

SME Review Flags

[[SME REVIEW REQUIRED]] RN SME + legal review of charting/correction standards.

Compliance Review Flags

[[COMPLIANCE REVIEW]] Legal-aspects content; provided notes use fictional placeholders only; learners never paste real records.

Internal Answer Key Appendix (ADMIN / FACULTY ONLY - DO NOT SHOW LEARNERS)

Item ID	Type	Correct answer	Rationale	Remediation
KC4-Q1	MCQ	B	Audit-ready notes are objective, complete, timed, and attributable.	Review Reading 4.2 (standards).
KC4-Q2	MCQ	C	Errors are corrected transparently, never obliterated.	Review Reading 4.3 (corrections).
KC4-Q3	True/False	True	BRN/provider posture requires >=4-year retention (institution keeps 5).	Review Reading 4.4 (retention).

Debrief / Remediation Guidance

Compare the before/after note line by line; emphasize that the record is the legal account of nursing judgment. Failed attempts route to Reading 4.2/4.3.

Application-Packet Defensibility Notes

Legal aspects of nursing and documentation are expressly recognized BRN-relevant content when tied to patient care.

Scope-change flag: The master packet currently documents a 4-contact-hour representative course. This module is part of a new 30-contact-hour design that is Draft / Needs SME approval and is not yet reflected in the official BRN contact-hour map or transfer worksheet. [[SME REVIEW REQUIRED BEFORE SUBMISSION]]

Do not advertise, issue certificates, or represent this course as BRN-approved until the official BRN CEP approval and provider number are issued.
